TRUSTEES' FOREWORD

Bismillāhir-Raḥmānir-Raḥīm

All praise is due to Allah, and peace and blessings be upon His Messenger ﷺ. On behalf of the trustees of Bushey Islamic Circle, we are pleased to present this Trustees' Financial Report for the period ending 31 October 2025.

This report is part of our commitment to transparency, accountability, and *amanah*. It explains how the charity's funds were received, managed, and spent during the year, and how the trust placed in us by the community has been honoured.

Last year's report, dated 31 October 2024, marked an important moment for Bushey Islamic Circle. It set out a clear financial position and helped define our objectives for the year ahead. The period covered by this report reflects a year of delivery and investment.

Rather than focusing on building reserves, the trustees made conscious decisions to use funds to improve facilities, expand services, and support the growing needs of the community.

During the year, Bushey Islamic Circle continued to provide:

- Daily congregational prayers and religious services
- Educational programmes for children and adults
- Youth activities and wellbeing initiatives
- Community fitness sessions
- Charitable relief and fundraising appeals

We are aware that the financial period ended with a planned deficit. This was not the result of poor control or financial pressure. It reflects responsible use of reserves built up in the previous year to fund community benefit, including one-off improvements and programme expansion. The charity remains financially stable and well-placed to continue its work.

The key difference is scope: 'Financial Year Ended' refers specifically to the final date of a 12-month accounting cycle used for annual reporting and tax. 'Period Ended' is a broader term for any defined, shorter, or specific, reporting interval (e.g., monthly, quarterly, or a custom, non-annual period).

As trustees, we take our responsibilities seriously. We have sought to ensure that:

- Donations are used for their intended purposes
- Restricted funds are respected
- Expenditure supports the charity's objects
- Financial decisions are made carefully and collectively

We would like to thank the community for its continued support, generosity, and trust. Bushey Islamic Circle exists because of you, and we remain committed to serving with integrity, humility, and sincerity.

We ask Allah to accept this work, to place barakah in the efforts of everyone involved, and to allow Bushey Islamic Circle to continue benefiting the community for years to come.

Wa Allahu a'lam.

**Current and Former Trustees
Bushey Islamic Circle**

Keep reading to learn more about our future endeavours and our vision.

As always, your financial support means a lot. But it really takes community to serve community.

If you are interested in volunteering your time and earning your reward, please contact info@busheyislamiccircle.org.uk for more information.

Our reports are key for financial and community transparency and we welcome any feedback

SERVING OUR COMMUNITY WITH PURPOSE

Bushey Islamic Circle exists to serve the spiritual, educational, and social needs of the local Muslim community. This Trustees' Financial Report explains, in clear and simple terms, how your donations were received, managed, and spent during the year ending 31 October 2025.

This is our second Trustees' Financial Report. The first report, dated 31 October 2024, marked a major milestone for the charity and helped shape our priorities and objectives for 2025. This report shows how those objectives were delivered in practice.

Looking Back, Where We Started

At the end of October 2024, Bushey Islamic Circle closed its first full reporting year with a strong financial position. The charity generated a surplus and carried forward reserves of £57,711.82.

These reserves were not accumulated without purpose. They were intentionally held to:

- Stabilise the charity as it matured
- Fund improvements to prayer and community facilities, and
- Support expanded programmes for worship, education, youth, and wellbeing

A year of delivery, not accumulation

The year ending 31 October 2025 was a year of delivery rather than accumulation. During the year:

- The charity continued to receive strong community support
- Services expanded across worship, education, fitness, youth engagement, and charitable relief
- The trustees approved planned expenditure to improve facilities and enhance the quality of services offered

As a result, the charity recorded a controlled deficit, reflecting conscious investment in the community rather than financial weakness.

A year of delivery, not accumulation

The year ending 31 October 2025 was a year of delivery rather than accumulation. During the year:

- The charity continued to receive strong community support from voluntary donations (Sadaqah)
- Services expanded across worship, education, fitness, youth engagement, and charitable relief
- The trustees approved planned expenditure to improve facilities and enhance the quality of services offered

As a result, the charity recorded a controlled deficit, reflecting conscious investment in the community rather than financial weakness.

Income: How Funds Were Raised

Alhamdulillah, during the year, total income amounted to £148,784.98. Income came from a broad range of sources, including:

- General donations from the community
- Humanitarian appeals
- Sadaqah and Fitrana (obligatory donation)
- Grants and small amounts of interest
- Income from fitness and exercise sessions

The trustees are grateful for the continued generosity and trust of the community, which remains the charity's primary source of strength.

HOW FUNDS WERE ALLOCATED

Expenditure: How Funds Were Used and Allocated

Total expenditure for the year was £159,092.17. Funds were used to support the charity's core objectives, including:

- Premises and rent, ensuring a stable and welcoming space for worship and activities
- Imams and teachers, supporting religious services and education
- Ramadan programmes and charitable appeals, including Humanitarian relief
- Youth activities, guest speakers, and madrasa provision
- Fitness and wellbeing sessions for the community,
- Prayer area upgrades and one-off community improvements

Note: Every major category of spending relates directly to charitable activities and community benefit.

Surplus, Deficit, and Reserves Explained

For the year ended 31 October 2025:

- The charity recorded a net deficit of £10,307.19
- This was planned and anticipated, reflecting the trustees' decision to use reserves responsibly
- Total funds carried forward at year end were approximately £47,404.60.

The trustees consider this a healthy outcome. The charity remains financially stable, with sufficient reserves to continue operations while delivering meaningful services. The charity can now, upon Mashuura (collective consultation), decide the next years objectives for the year 2026.

Restricted and Unrestricted Funds

Some donations are given for specific purposes, such as relief appeals or designated projects. These are treated as restricted funds and used only in accordance with donor intentions.

At year end:

- Restricted funds stood at approximately £4,315.00
- Unrestricted funds stood at approximately £43,089.60

The trustees confirm that restricted funds were applied correctly and transparently.

BUSHEY'S FIRST CENTRE OF ILM (KNOWLEDGE)

With Gratitude to Our Guest Speakers and Teachers (2025)

The trustees of Bushey Islamic Circle would like to express sincere thanks to the following scholars, teachers, and community contributors who honoured our community with their time, knowledge, and service during 2025. Their presence has enriched our hearts, strengthened our understanding, and supported the spiritual growth of our congregation.

MAY ALLAH REWARD EACH OF THEM ABUNDANTLY, PLACE BARAKAH IN THEIR KNOWLEDGE AND EFFORTS, AND ALLOW THE BENEFIT OF WHAT WAS SHARED TO CONTINUE WITHIN OUR COMMUNITY FOR YEARS TO COME.

FINANCIAL GOVERNANCE & OVERSIGHT

Financial Governance and Oversight

The trustees take financial stewardship seriously. During the year:

- Proper bank accounts were maintained in the charity's name
- Records were kept and reviewed regularly
- All expenditure decisions were overseen by trustees
- Financial information was prepared to support accountability and transparency

This report forms part of our ongoing commitment to good governance and openness with the community.

As we move into the next financial year, the trustees' priorities include:

- Maintaining financial stability
- Continuing high-quality religious and community services
- Strengthening governance and reporting
- Ensuring the charity remains sustainable for the long term

The trustees remain committed to serving the community with integrity, care, and responsibility.

A Permanent Home for Bushey Islamic Circle, our Long-Term Vision

What started as a small gathering has, over the years, grown into a vibrant and active community serving worshippers, families, children, and the wider public.

As our activities have expanded, so too have our needs. The trustees believe the time has come to begin a community-wide effort towards the ultimate long-term goal of Bushey Islamic Circle: acquiring a permanent home.

OUR HISTORY

Our History and the Reality We Face

For several years, since June 2022, Bushey Islamic Circle has operated from rented premises. While this has allowed us to grow, it also brings ongoing challenges:

- Rising rental and operational costs,
- Limited control over space and long-term planning,
- Constraints on expanding services for the community.

This is not a short-term project. It is a shared vision that will require patience, unity, and sustained effort, in shā' Allāh.

LOOKING AHEAD

Over the past four years

Over the past four years, the trustees have actively explored options to secure a permanent base. These efforts have included:

- Seeking scholarly guidance on long-term sustainability
- Exploring the purchase of existing buildings, including a former church
- Entering mediation discussions where appropriate,
- Continual engagement with agents and property opportunities in and around Bushey

Despite sustained effort, suitable opportunities have been limited, and rising property prices have made progress difficult without broad community backing.

Why a Permanent Home Matters

A permanent home would allow Bushey Islamic Circle to:

- Secure the future of daily prayers, Jumu'ah, and Ramadan services
- Expand educational and youth provision
- Offer broader community services as needs evolve
- Reduce long-term financial uncertainty caused by rent
- Build something that future generations can rely on

Crucially, the trustees believe that any permanent site must have the capacity to be financially self-sustaining, for example through rental units or complementary community uses, so that the masjid and services do not become a financial burden.

Properties Under Consideration

As part of early-stage exploration, the trustees have identified two potential types of buildings that broadly align with this vision. These are not decisions or commitments, but examples to help the community understand the scale and thinking involved.

1. Former Tesco Building (Bushey)

<https://www.rightmove.co.uk/properties/168713195>

This type of site offers several potential advantages:

- A location familiar and accessible to much of the community

- Potential for mixed use, including residential flats that could generate rental income
- Proximity to schools and local amenities, supporting community engagement and networking

The trustees believe that locations with built-in sustainability are essential for long-term success.

As part of our due diligence, we are to inspect and assess this site from a practical and community-use perspective.

WHAT WE INVEST IN NOW, IS NOT FOR NOW, BUT THE HEREAFTER

What we build today becomes a witness for us tomorrow

Every brick laid, every class funded, every child supported is a seed planted beyond our own lifetime. Long after we are gone, the reward continues to flow. This is the kind of investment that never depreciates, never fails, and is never lost. It is sadaqah that speaks for you when you no longer can.

BIC is more than a space. It is a living legacy

A place where faith is nurtured, families are strengthened, and the next generation is grounded in purpose and belief. Your support today ensures that knowledge is taught, worship is protected, and community continues to thrive for years to come. What you give now becomes benefit for countless others after you.

This is your chance to leave something behind that truly matters

An investment that reaches you in the grave, elevates you in the hereafter, and transforms lives in the meantime. Give with intention. Support with conviction. Be part of a legacy that outlives us all.

Convocation of youth-huffaadh and commemorating their dedication to the Qur'an in Ramadan

Meeting with respected world-renowned Qurra

Daily reminders about Islam, our roles as citizens

BIC leading the community vigil at Carpenders Park

The first outdoor Eid in Bushey

More than 150 lectures & talks in 3 years

Access to community led services

Access to Scholars and Wisdom

Holistic, practical & spiritual

Headlining talks and more!

For men, women and children

OUR FUNDRAISING VISION STATEMENT

Our Shared Vision

Bushey Islamic Circle was built by the community and for the community. What began as a small gathering has grown into a place of prayer, learning, service, and belonging. The next step in this journey is clear: to secure a permanent home for Bushey Islamic Circle. This vision is not about bricks alone. It is about stability, dignity, and legacy. It is about creating a space that will serve today's community and future generations, in shā' Allāh.

Why We Need a Permanent Home

For many years, Bushey Islamic Circle has operated from rented premises at The Bushey Centre. In less than 24 months, this space will become part of Hertsmere regeneration plan to build housing, effectively restricting us. While this has allowed us to grow, it also brings real challenges:

- Ongoing and rising rental costs,
- Limited control over space and long-term planning,
- Restrictions on expanding services,
- Uncertainty for future generations.

A permanent home would allow us to move from short-term survival to long-term sustainability.

What We Have Done So Far

This vision is not new. Over the past four years, the trustees and volunteers have worked consistently behind the scenes to explore viable options.

These efforts have included:

- Seeking scholarly guidance on long-term sustainability,
- Exploring the purchase of suitable buildings, including a former church,
- Entering mediation discussions where appropriate,
- Continual engagement with property agents and opportunities in and around Bushey.

Despite sincere effort, rising property costs and limited suitable options have meant that progress has not been possible without broader community involvement.

What We Are Working Towards

Our aim is not simply to buy any building. We are working towards a site that:

- Can function as a masjid and community hub,
- Has the capacity to support education, youth, and family services,
- Is familiar and accessible to the community,
- Has self-sustaining potential, such as rental units or complementary uses, so that the masjid does not rely solely on donations for survival.

Future Plans: More Than Just a Building

The trustees wish to be clear: the goal is not simply to buy a building, but to create a space that serves real needs. Depending on what the community requires, a permanent home could support:

- A masjid and prayer facilities,
- Education and madrasa provision,
- Youth and family services,
- Community wellbeing and support programmes,
- Income-generating spaces to sustain operations.

These decisions will only be made with community consultation and transparency.

A United Community Effort is highly essential

Acquiring a permanent home will not be possible through trustees alone. It will require:

- Community fundraising,
- Collective du'ā',
- Professional advice,
- Skills, time, and support from within the community.

This report marks the beginning of that conversation, not its conclusion. The trustees ask the community to reflect, engage, and stand together so that, in shā' Allāh, Bushey Islamic Circle can take this next step with unity and purpose.

WITH SINCERE GRATITUDE AND THANKS

With Gratitude to Our Community Contributors

The trustees of Bushey Islamic Circle wish to acknowledge with sincere gratitude the dedicated volunteers, committee members, trustees, sponsors, and community supporters whose efforts have made BIC's growth possible.

Your dedication—whether through your time, expertise, financial support, or simply your consistent presence—has been the foundation of everything we have achieved together. This is your Masjid, built by your hands and hearts.

May Allah reward you abundantly, accept your efforts as sadaqah jariyah, and allow the benefit of what has been built to continue for generations to come.

“HE WHO HAS NOT THANKED THE PEOPLE, HAS NOT THANKED ALLAH”

A self-sustaining model is essential to protect the charity and reduce long-term financial pressure on the community.

Early Property Considerations

As part of early exploration, the trustees have looked at different types of properties, including:

- A larger former retail building with potential for mixed use and rental income,
- High Street premises close to our current location, schools, and local amenities.

These examples are shared to give the community visibility into the thinking and scale involved. No decisions have been made, and any future steps will be taken transparently and with consultation.

This Will Take a Community

Acquiring a permanent home cannot be achieved by trustees alone. It will require:

- Collective fundraising,
- Consistent contributions over time,
- Professional advice and expertise,
- Skills, time, and effort from within the community,
- Du‘ā’ and unity.

Every contribution matters. Large or small, financial or practical, each effort brings us closer to the goal.

How You Can Be Part of This Vision

This vision statement marks the beginning of a community-wide effort. In the months ahead, the trustees will:

- Share clearer fundraising targets and milestones,
- Engage openly with the community,
- Provide regular updates on progress and opportunities.

We ask the community to:

- Reflect on this vision,
- Discuss it within families and networks,
- Prepare to support the journey ahead.

Together, with sincerity and unity, we ask Allah to open doors and place barakah in this effort. ***“Indeed, Allah loves those who act together in unity.”***
